Third Party Refund

When:

2. benefits are paid under the Certificate as a result of that Injury,

We are entitled to a refund by You of all Certificate benefits paid as a result of the Injury.

The refund must be made to the extent that You receive payment for the Injury from the third party or that third party's insurance carrier. We may file a lien against that third-party payment. Reasonable pro rata charges, such as legal fees and court costs, may be deducted from the refund made to Us. You must complete and return the required forms to Us upon request.

Coordination of Benefits

The Coordination of Benefits ("COB") provision applies when a person has health care coverage under more than one Plan.

The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans does not exceed 100% of the total Allowable expense.

Right of Recovery

If the amount of payments made by Our Agent or Us is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid, or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.
